

2020 WEEKEND TO REMEMBER HONORED WARRIOR

Halo Board of Directors

Doug Doss

U.S. Marine Corps Veteran – Corporal
Board of Directors

Ohio native, Doug Doss, proudly served 4 years with the U.S. Marine Corps assigned to MAG-14 VMA-224 All Weather Attack Squadron, an A-6 squadron based out of Cherry Point, North Carolina. He was an Avionics Technician and served at bases including Iwakuni, Japan, Cubi Point, Philippines, El Toro, California. He received awards for meritorious unit citations for Squadron readiness, over-seas service, good conduct and others. After leaving the Corps, Doug returned to Ohio as a Supervisor for the Ford Motor Company, Ohio Assembly Plant for 12 years where he supervised in Paint, Trim, Chassis, and the Testing and Repair areas. The vehicle models included the Econoline van, Escape/Mariner, and F650/750. He served as the only Supervisor trained on their Emergency Response Team. In 2011, Doug

received the Ford Motor Company's President's Health and Safety Award for his accomplishments during a home fire rescue he facilitated while driving home from work. He also worked 3 years with PolyOne Corp. in Avon, Ohio as Research Technologist in their vinyl polymerization and compounding area and was a trained Emergency Response Team member. Doug returned Amherst, Ohio in July 2015 to supervise the Machining Services division of Nordson Corp. Nordson is a global leader in the manufacture of dispensing and coating equipment. Doug's last assignment with Nordson was as a Quality Analyst. He also serves on the Emergency Response Team for Nordson. volunteered his time to Habitat for Humanity building homes, the Red Cross blood bank, Harvest for Hunger food bank, and his favorite – helping with *HALO for Freedom's Weekend to Remember* Wounded Warrior events. He assists where needed and especially enjoys helping with the skydiving events. He received his skydiving training by Dana Bowman and members of the Golden Knight Parachute Team. He has over 400 skydives to his credit. Doug was also a successful bone marrow donor in 2001 and frequently communicates with the recipient who had a complete recovery.
